CONCEPT REDESIGN

Great photos, but where are the hours?

This cafe makes you dig for the basics. Here is the fix.

FICTIONAL BUSINESS · NOT A CLIENT PROJECT

BEFORE

Looks lovely, says nothing.

01 Big slider, no info

Four photos to swipe before a single word.

02 Menu hidden in a PDF

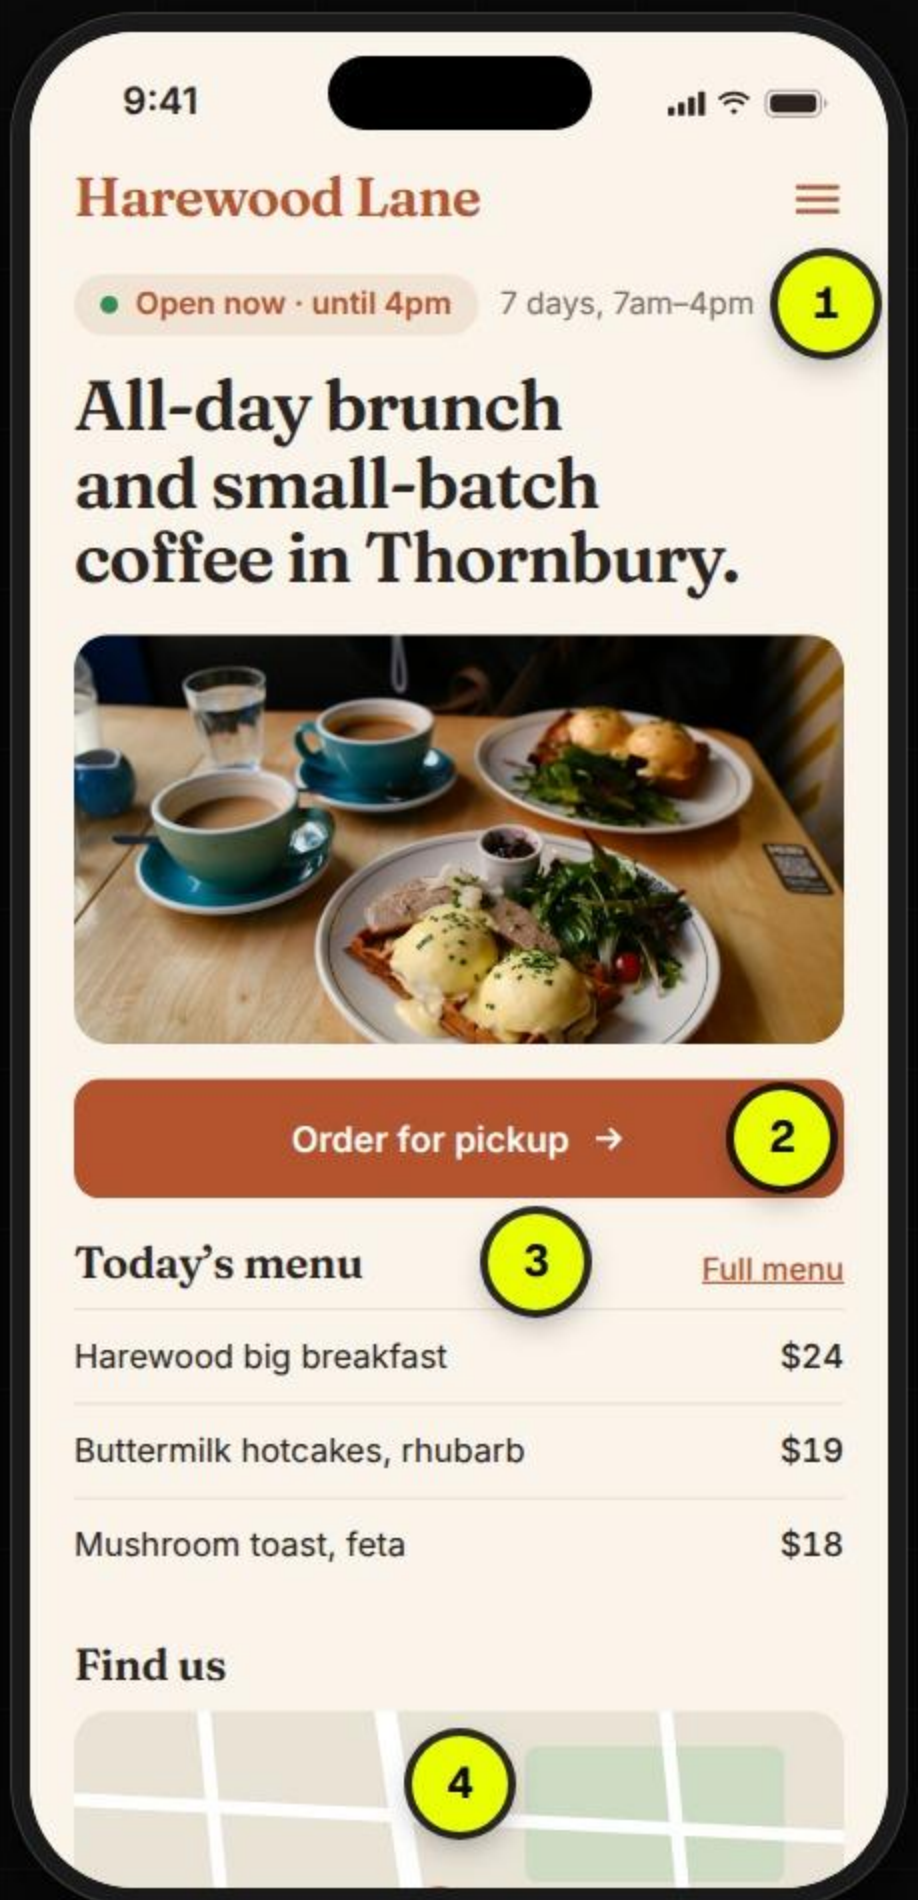

Slow to open, tiny to read on a phone.

03 Feed loads first

Spinners where the useful part should be.

04 Hours? Keep scrolling

Opening times sit right at the bottom.

AFTER

Answers up top.

01 Open now, up top
Today's hours are the first thing you see.

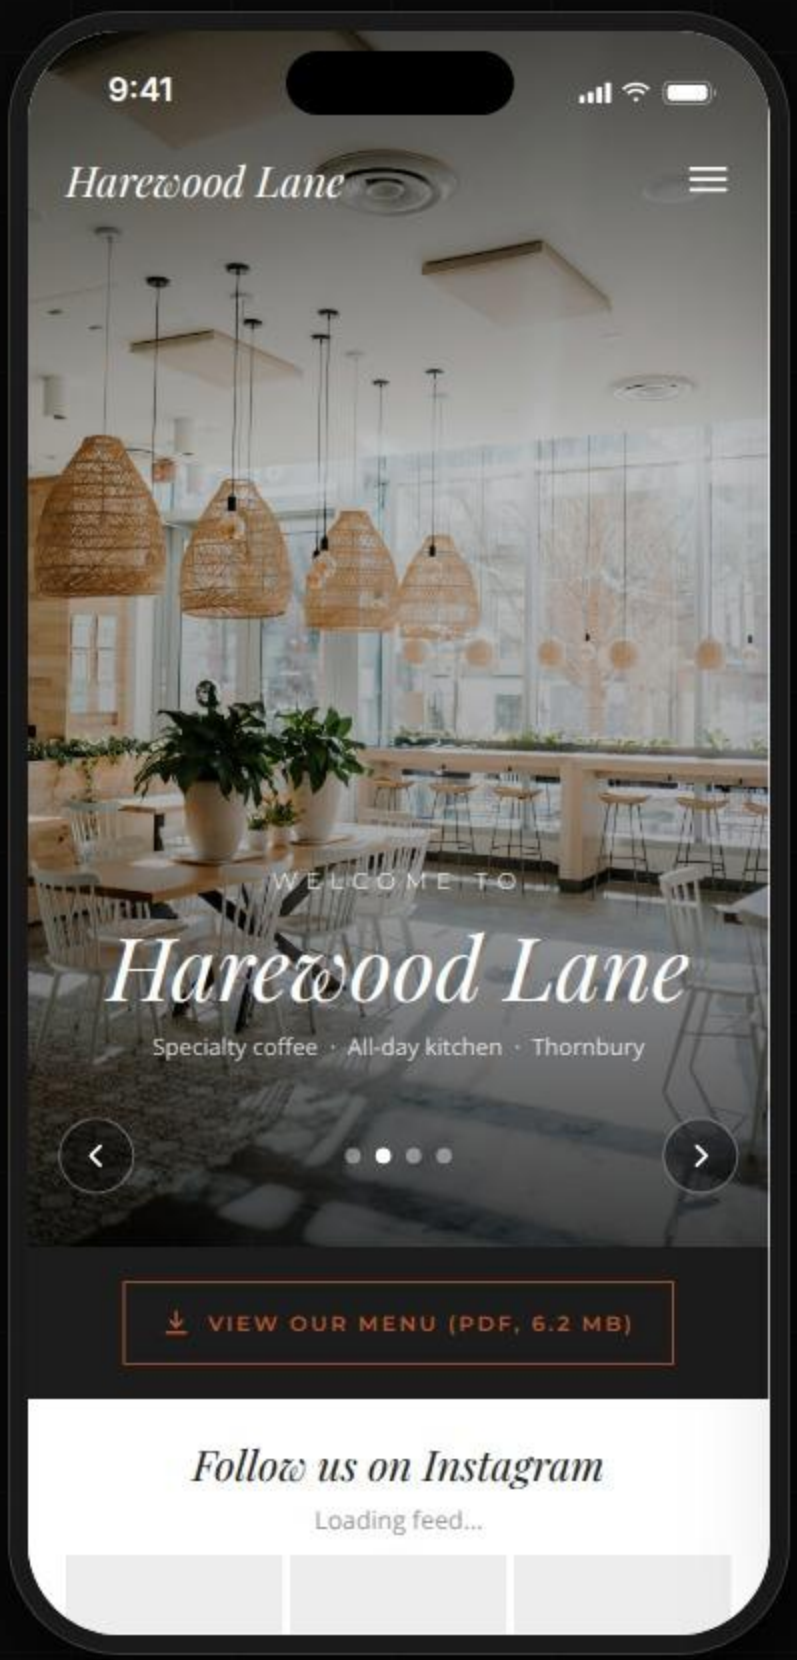

02 One button to order
Pickup in two taps, nothing to hunt for.

03 Menu as real text
Loads instantly and Google can read it.

04 Map one scroll down
Directions without leaving the page.

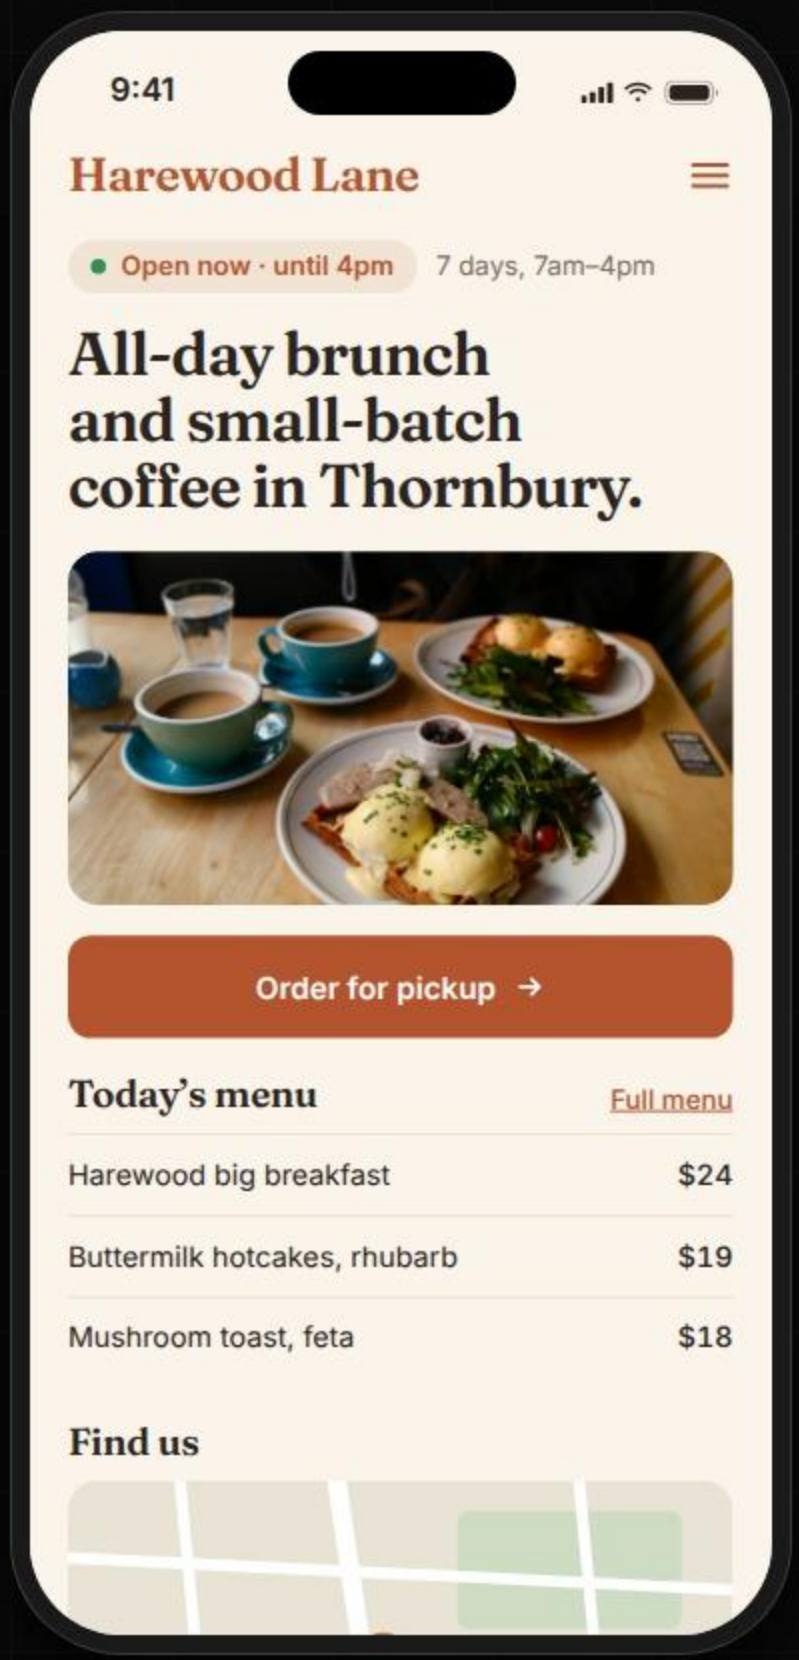

BEFORE

Hours: bottom of the page

AFTER

Hours: top of the screen
